

LAKE ST. CLAIR Water Festival

Save the Date!
Tuesday, May 13, 2025

- A free, half-day program for 4th and 5th grade students
- Participants learn about the important role water plays in our daily lives
- Highlights the impact we have on water quality
- Session topics include: water quality, environmental impacts/land usage, stewardship, and natural resources
- Choose either morning or afternoon session
- Each session includes three different presentations

Teachers: Student drawing contest and a raffle for in-person extension lessons available, more information is available online at www.lakestclairwaterfestival.com

Students: Learn about the importance of water and how it is used. Explore ecosystem processes, the geosphere, the water cycle, and more.
